WINE-LINE

For all those interested in wine:
Our wine cellar counts more than 600 different wine brands. The selection of the Sommelier goes from the prestigious, rare bottles to new modern, small wineries of the world. Our Sommelier is happy to show you around our wine cellar and we will be sure that you find the right bottle to take away.

Our products include taxes. Postage and wrapping is excluded. All specialties are homemade, without preservatives and artificial colours. Due to pasteurizing all products are gup to 3 to 12 months, depending on article.
